Effective November 19, 2012, the University of Colorado Hospital Clinical Laboratory is implementing a procedural change for the quantitative testing of Vitamin D, 25-Hydroxy per the manufacturer, Siemens Healthcare. Siemens Healthcare claims test results will be 4 ng/mL higher than the current procedure and UCH lab findings have confirmed test results may be as much as 15% higher than the current procedure.

Reference Range remains the same, 30 – 100 ng/mL.

Please call Dr. Ron Lepoff, Clinical Laboratory Medical Director at 720-848-7044 if you have any questions or visit our website at http://www.uch.edu/for-healthcare-professional/Clinical-Laboratory/index.aspx for additional information.
