## BLS Provider

The new BLS Course replaces the BLS for Healthcare Providers (BLS HCP) and BLS for Prehospital Providers (BLS PHP) courses. The BLS Course teaches both single-rescuer and team basic life support skills for application in both in- and out-of-hospital settings. This course trains participants to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations, and provide early use of an AED. It includes adult, child, and infant rescue techniques. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

15-1805 3-card

### Quality Control Checkpoints

- Issue date beginning **February 16, 2016**
- Valid until further notice
- Expiration date 2 years from month of issue

## BLS Healthcare Provider

The BLS for Healthcare Providers and BLS for Prehospital Providers Courses have been replaced by the 2016 BLS Course.

90-1801 3-card    90-1802 2-card self-mailer

### Quality Control Checkpoints

- Issue date beginning **March 23, 2011**
- Valid until April 15, 2018
- Not valid for issue after April 16, 2018, and is superseded by card 15-1805
- Expiration date 2 years from month of issue

## ACLS Provider

The ACLS Provider Course is designed to teach providers the knowledge and skills needed to evaluate and manage cardiovascular emergencies, stroke, and respiratory arrest. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

15-1803 3-card

### Quality Control Checkpoints

- Issue date beginning **March 30, 2016**
- Valid until further notice
- Renewal date 2 years from month of issue

90-1806 3-card    90-1805 2-card self-mailer

### Quality Control Checkpoints

- Issue date beginning **May 10, 2011**
- Valid until May 29, 2016
- Not valid for issue after May 30, 2018, and is superseded by card 15-1803
- Renewal date 2 years from month of issue

## ACLS Experienced Provider

The ACLS Experienced Provider Course is designed for seasoned ACLS providers who wish to renew their provider status. The course provides a stimulus for expert clinicians and scientists to identify and discuss resuscitation in special circumstances. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

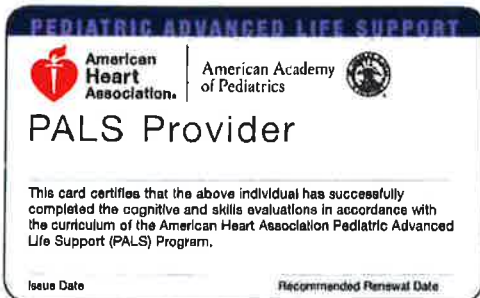

### Quality Control Checkpoints

- Issue date beginning **April 17, 2013**
- Valid until further notice
- Renewal date 2 years from month of issue

90-1812 3-card

## PALS Provider

The PALS Provider Course teaches students how to recognize infants and children at risk of cardiopulmonary arrest, provides students with strategies for preventing cardiopulmonary arrest in infants and children, and teaches how to perform the cognitive and psychomotor skills for resuscitating and stabilizing infants and children in respiratory failure, shock, or cardiopulmonary arrest. Provider cards are available exclusively to authorized TCs for issuance in accordance with AHA policy.

### Quality Control Checkpoints

- Issue date beginning **October 12, 2011**
- Valid until further notice
- Renewal date 2 years from month of issue

90-1818 3-card    90-1808 2-card self-mailer

# Military Training Network

## Military Training Network (United States Only)

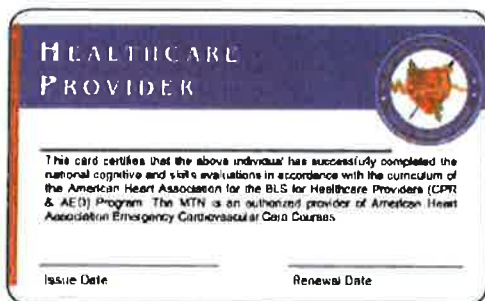

Since 1984, the AHA has recognized the Military Training Network (MTN) for Resuscitative Medicine Programs as equivalent to an AHA ECC region and national TC.

The MTN coordinates resuscitative medicine programs for the uniformed services. The Department of Defense Health Council at the Uniformed Services University of the Health Sciences established these programs for the uniformed services.

For more information, go to [www.usuhs.mil/mtn/](http://www.usuhs.mil/mtn/).

### MTN Provider Certificates/Cards

- MTN provider cards for AHA courses are equivalent to the corresponding AHA provider cards (the MTN uses the AHA curricula).
- These cards are recognized within the Department of Defense.
- These cards may not bear the AHA logo.
- MTN provider cards should be recognized by AHA TCs and Training Sites (TSs) when renewing provider status of Department of Defense personnel.
- The MTN may issue AHA provider cards.
- A person with a current MTN provider card may attend a discipline-specific AHA renewal or update course.

## MTN Instructor Cards

- The MTN issues AHA Instructor cards.
- MTN Instructors who wish to teach outside the MTN must align with a civilian TC and meet its affiliation requirements. These instructors will have dual instructor status and alignment and will issue cards appropriate to their audiences.
- MTN Instructors must meet all TC and MTN training requirements to maintain their status. All courses may count toward teaching requirements in both systems. It is the instructor's responsibility to ensure that the MTN site and the TC are provided with course rosters.

## MTN Training Site Faculty Cards

- The MTN appoints TS Faculty rather than TC Faculty or Regional Faculty.
- MTN TS Faculty appointments are not recognized outside the MTN and are not transferable to civilian TCs. An MTN TS Faculty member who aligns with a civilian TC will need to work with the new TC to establish TC Faculty status.
