***The Colorado SANE/SAFE Project Presents a  
FREE Online Training***

### **"Medical Forensic Exams for Sexual Assault Victims, Understanding the Benefits and Limitations"**

**This pre-recorded webinar is available online and is presented by:  
Kim Nash BSN RN SANE-A, SANE-P**

**Target Audience: Registered Nurses, Advocates, Attorneys, and Law  
Enforcement. Please feel free to pass this information on to any of  
your colleagues who would benefit from this training.**

**The purpose of this educational activity is to provide an  
understanding of the benefits and limitations of the medical  
forensic exam in regards to investigation and courtroom  
proceedings.**

---

#### **Objectives:**

1. Introduce the concept of the neurobiology of trauma and why sexual assault victims may react in a variety of ways.

2. Review the major components (history, head to toe assessment, ano-genital assessment, evidence collection) of an exam.
3. Discuss the evidentiary steps in the Colorado Sexual Assault Evidence Collection Kit.
4. Provide an understanding of some of the limitations of a medical forensic exam.
5. Provide an understanding of some the benefits of a medical forensic exam.
